

2016-17 Connecting Kids & Culture End of Year Evaluation

2016-17 Connecting Kids & Culture End of year Evaluation

Bravo Greater Des Moines and the Community Foundation of Greater Des Moines are proud to collaborate on Connecting Kids & Culture, a funding program that seeks to connect 1st through 5th grade students in Central Iowa with at least one arts and cultural field experience each school year.

Please thoroughly read the information on this page before proceeding with the evaluation.

Completing the Connecting Kids & Culture End of Year Evaluation is a requirement for every school or district that received funding for the 2016-17 school year, and may be completed once all of the awarded funds have been spent and/or all of the field experiences planned for the year have been taken. **The deadline to submit the evaluation is 3:00 p.m. on Friday, June 2.**

Also due by this deadline are the required Field Experience Reports that should have been completed for each approved field experience on which Connecting Kids & Culture funds were spent. Please email these directly to Rachel Woodhouse, Connecting Kids & Culture Administrator, at rachel@bravogreaterdesmoines.org.

Important Note: Reports and Evaluations that are late or incomplete, and/or not expending all awarded funds, may result in a reduction of funding or suspension from the program for the 2017-18 school year.

With questions, please visit connectingkidsandculture.org or contact Rachel Woodhouse by email or by calling 515-243-0388.

 What do you feel are the strengths of the Connecting Kids & Culture program?

 What recommendations do you have to enhance or improve the Connecting Kids & Culture program?

 We are always looking for ways to lift up the work you are doing with Central Iowa's youth and this grant program. To assist us with this endeavor, please reflect on one or more of the following questions.

- What value do cultural experiences provide students?
- What academic or life outcomes do students experience when they participate in arts and cultural programming as part of their educational curriculum?
- How do these experiences support educators?
- If you didn't have the funding, what would happen to these experiences?
